Bountiful Southwest

VOL. XVIII. NUMBER 77

ADA, OKLAHOMA, SATURDAY, JUNE 11, 1921

FIVE CENTS THE COPY

## LAST DAY FOR BIG PURE FOOD SHOW

Pretty Girl Contest Closes;  
Exhibit Made Ready  
for Last Show.

This evening will see the final showing of the Pure Food Show, which has been going on all the week at the city hall under the auspices of the ladies of the First Christian Church. At this time the final exhibits will be in their gayest form. Prizes will be awarded in the various contests which have been going on all the week and the final closing program will be given.

Last evening was successful. Music was furnished by the high school orchestra and other attractions were enjoyed by a large crowd. Those who have booths will make an effort to have the exhibit for this evening the best of them all.

Added to the other attractions and amusements for the closing show will be the old fiddlers' jubilee. Many of the old fiddlers of this community will gather there at this time to try their hand at playing old-fashioned music. A prize is to be awarded to the winner.

The pretty girls contest is an individual attraction and has grown in interest all the week. Each night more names are added to the list and those who are interested have been watching the bulletin board closely. Several of the girls entered are running a good race. Miss Donna Bell Lee was leading at the last report today by a total of 1007 votes. Miss Grace Bledsoe was second with 513 and Miss Anna Louise Shaw was third with 441 votes.

## Sims' Leave of Absence is Revoked By Secretary Denby

(By the Associated Press)  
WASHINGTON, June 11.—Rear Admiral Sims' leave of absence in England was revoked today by Secretary Denby and he ordered him to report at once to the secretary of the navy.

Denby's action was taken without waiting for reply from that officer to the secretary's cablegram asking whether he had been correctly quoted as attacking the Sinn Fein in the United States in his speech last week in London.

Admiral Sims announced that he would sail for home from England June 15, where he had gone on leave of absence to receive a degree from an English university.

The cablegram sent was: "Remainder your leave revoked. You will return to United States immediately and report in person to the secretary of the navy. Acknowledge."

## Another Big Rise on North Canadian Headed Eastward

(By the Associated Press)  
OKLAHOMA CITY, June 11.—Sunday night or early Monday another big rise is reported by the U. S. weather bureau here. A stage of 11 or 12 feet is expected when the crest reaches here, it is said. This rise is believed now to be in the vicinity of El Reno, but no reports have been received.

The latest report is that South Canadian is still falling.

**Danger at Wichita.**  
WICHITA, June 11.—The Arkansas river was low at nine o'clock this morning but the city is prepared for possible overflow in the lowlands when the predicted great volume of water from Great Bend reaches here. A warning was issued from the weather forecaster here that the worst flood danger had not passed.

**Residents Warned.**  
OKLAHOMA CITY, June 11.—Warning to persons living on the lowlands along the North Canadian river was issued here today by Joe Patterson, city commissioner of public property. The report said that the river was over its banks in some places.

Patterson said that they did not expect serious flood damage but safety demands that residents in the vicinity of the river should be advised of conditions.

Boats have already been supplied to two negro families whose homes are already surrounded by water.

## Sen. Harrison To Holdenville

Senator Luther Harrison

Hon. Luther Harrison, state senator for this district and for two years one of the editors of the News publications has purchased the Holdenville Democrat and will move to that city in a short time. He will take charge of the newspaper property immediately.

Few men in public life in Oklahoma are better or more favorably known than Senator Harrison. He came to Oklahoma during Haskell's administration and has been identified with state affairs ever since. While owner and editor of the Wevoka Capital-Democrat, he represented Seminole County in the state legislature. He moved to Ada about four years ago, bought the old Star-Democrat, was elected to the state senate and has served with distinction. Two years ago he sold his interest in the Star-Democrat to the News Publishing and Printing company and became one of the editors of the larger publications.

During the war Luther Harrison was one of the strongest speakers and hardest workers in the entire state for all war measures. Since the war, he has been ever found battling for the rights of the veterans. He has been of great help in the building of the East Central Normal school.

The Senator, Mrs. Harrison and their little daughter, Margaret, have many numberless friends while here, who wish them well in their new home.

The Holdenville Democrat is already one of the leading democratic weekly newspapers of the state, located in a good town and in a good agricultural region. That it will be improved, enlarged and otherwise made better goes without saying. He will give Holdenville a newspaper creditable to the town in every way, and the city will have to build to keep up with him.

## RECORD FUNERAL FOR GALBRAITH

U. S. and French Officials  
Attend; Foch Cables  
Sympathy.

(By the Associated Press)  
CINCINNATI, June 11.—Not since the funeral of General Joseph Hooker in the "seventies" has there been such a military funeral cortege in this city as that which is to follow after former Col. Frederick W. Galbraith, national commander of the American Legion, who was killed in an automobile accident in Indianapolis last Thursday morning. The funeral will be given an international phase as there will be Marshall Necht, the French high commander to the United States and other French officers. Two French veterans will carry the tri-colors in the funeral procession.

Assistant secretary of the treasury, Theodore Roosevelt, Col. Marcus Mills, alien property custodian, and Thomas Taylor, vice-chairman of the Legion executive committee, also came from Washington today.

**Foch Sends Sympathy.**  
PARIS, France, June 11.—Marshall Foch cabled a message of sympathy today to Mrs. Frederick W. Galbraith, whose husband was killed in an automobile accident in Indianapolis last Thursday. He also sent a message to the American Legion.

## Hot Weather for This Section for the Next Few Days

(By the Associated Press)  
WASHINGTON, June 11.—Weather predictions for the week beginning Monday: "Mississippi and Missouri valleys with temperature above normal; generally fair, except for scattered thunder showers. The west Gulf states; occasional showers with temperature slightly above normal."

## RED RED ROSE INITIATES CLASS

Steps Taken to Make Order  
More Fraternal and Na-  
tional in Scope.

The Ada Conclave of the Ancient and Beneficent Order of the Red Red Rose held an important meeting last evening, at which time 22 neophytes were made acquainted with the good deeds of the Old Man. The solemnity of the occasion was broken now and then by bits of fun and jokes aimed at the lowly neophytes. It is generally reported that the class, while of a low mentality, ranks better than most classes.

A sumptuous banquet was served in the cafe of the Normal. After that, the neophytes were marched down town, through shows and "quested" to sing several songs, to the merriment and sometimes agony of the on-lookers.

At the conclusion of the initiation ceremonies, Prof. Frank Casteel of Maud suggested that a committee be appointed to confer with like committees from other conclaves with a view of reorganizing to make the order more fraternal and to revise the rituals. This is to be the first step to make the order of national significance and a power in the teachers' world. Already the organization is in existence in several states, having spread thus rapidly from its origin two years ago at Durant.

At the meeting last evening there were visitors from the conclaves of Durant, Shawnee, Stillwater, Tulsa, Alva and Oklahoma City.

## WANTS STATUS OF LABOR BOARD SET

(By the Associated Press)  
AUSTIN, Tex., June 11.—The attorney general department announced today that the supreme court of the United States had been requested to file suit, attacking the constitutionality of the interstate commerce commission and of the United States railroad labor board. The supreme court reported that subpoenas had been issued to the two organizations requesting them to appear before the board and define their position. The Texas attorney department's suit was filed June 6, the announcement said.

In the action, the attorney general department of the state sets up the plea that the labor board is without constitutional or authority and that that body be adjudged illegal, pleading that all laws directly empowering, regulating, creating, appointing and other qualifications of its members be declared unconstitutional, invalid, and void.

Announcement by the attorney general said that the suit would be taken to the supreme court in conformity with the federal law requiring filing of the suit before trial.

**No Bar to Disloyalists.**  
(By the Associated Press)  
TOPEKA, June 11.—That the Kansas anti-syndicalism law passed by the 1920 legislature does not bar members of disloyal organizations, was decision rendered today by the supreme court.

This affirmed the decision of the Montgomery county district court in the case of Charlie Berquist, alleged I. W. W. member.

**Farmer Aid Asked.**  
(By the Associated Press)  
WASHINGTON, June 11.—Senators Phipps and Nicholson of Colorado conferred today with the federal farm loan board with a view to having financial aid sent to the Arkansas river flood district to make loans to farmers who have lost cattle and crops.

**WANT HARVEST HANDS**  
The following is a telegram received by W. C. Jones, chairman of the Ada Labor Board, received at 2 o'clock today. This will be of interest to the men of Ada who are looking for work.

"W. C. Jones, Ada, Oklahoma. "Send any number of harvest hands up to one hundred. Destination, Cherokee, Okla. Will pay \$3 per day and board. Purchase transportation to Oklahoma City on Santa Fe to Cherokee. Send men to county agent at Cherokee."

**"CLAUDE CONNELLY,"**  
"Commissioner of Labor."

Those who are interested in this work should see Mr. Jones at once. Only one hundred men can be cared for, but it is thought to be a sufficient number to care for Ada's unemployed.

**OKLAHOMA WEATHER**  
Tonight and Sunday partly cloudy.

## Go To Church Tomorrow

Someone has said that "man is incurably religious." A man who has no god is abnormal. One's object of worship may be a wooden image, an imaginary ideal or the accepted "god of Christendom, but there must be an object of worship if the person is normal.

One day in seven has been set aside for worship. One day a week one should stop his daily cares to think of and study the prospects for a future life. If a man die, shall he live again? Is a question that has come down through the ages. The Christian religion says a man shall live again, and it is to better prepare him for this future life that the first day in the week is given over to things not earthly.

The News suggests that tomorrow we turn aside from the routine path and go to church. Any of the churches of the city will welcome you.

## INDUSTRIAL LAW UPHELD IN KANSAS

Howat Loses Every Contention in Effort to Avoid Sentence.

(By the Associated Press)  
TOPEKA, Kan., June 11.—In the most sweeping decision yet handed down, affirming the validity of the Kansas Industrial Court law, the state supreme court affirmed the decision of a county court sentencing Alexander Howat to one year in jail for contempt of court. The decision was held valid in all the eight issues raised.

Referring to the industrial court the decision set forth: "The act creating a court of industrial relations is a reasonable and valid exercise of the police power of a state over the business of mining, coal, and does not impair the liberty of contract, or personal involving service contrary to the constitution of the United States."

The opinion, which was written by Robert Burch, was forty-four printed pages long and was signed by all of the supreme court judges. The decision empowered the state in that the production of coal affects the public interests and it is subject to state regulation and control.

Howat, who is president of the Kansas Miner's Union was found guilty of contempt of court or violating the injunction which previously obtained against Miner's Union officials to prevent the calling of a strike in the Pittsburgh district.

The strike there, the industrial court believes, was in defiance of the power of the state, and to definitely test the new industrial law.

He was found guilty and sentenced to a year in jail. Appeal to the state supreme court followed immediately. The case will probably go to the United States supreme court for final determination, Attorney General Hopkins said today.

The court opinion stated that Howat was not entitled to a trial by jury in court proceedings and that the injunction was not invalid as it was an attempt to enjoin crime.

**To Ask Re-Hearing**  
KANSAS CITY, June 11.—Redmond Rennan, attorney for Alexander Howat, said here today that he would file an appeal for a re-hearing by the Kansas supreme court within the twenty days allowed by law.

**Act Thoroughly Sustained**  
TOPEKA, June 11.—"It is now safe to say today that the Kansas Industrial act has been sustained in its most essential features," said William Hucksins, presiding judge of the industrial court today in discussing the supreme court decision in the Howat case.

"I can think of only one matter of prime importance in the industrial law which remains undecided. It is the question of whether the industrial court may fix in the state a minimum wage higher than the 'market price.'"

**BAD ON THE BOY BUT MAKING OF THE DITCH**

DALLAS, Texas, June 11.—A Texas soldier arrested Thursday for accosting a girl on the street, Friday began digging a deep trench at Fair park, where his troop is awaiting orders to move to the annual encampment of the Texas national guard near Austin. When the trench is finished the soldier will begin putting the dirt back into the hole with a tablespoon. The punishment was designated by Capt. E. W. Spradley, commander of the troop.

**OKLAHOMA WEATHER**  
Tonight and Sunday partly cloudy.

## COTTON BELT IS BECOMING A FACT

Ada's New Highway Being  
Marked; Direct From  
Kansas City to Dallas.

J. S. Jackson of Kansas City and Mr. Corley of Okmulgee are in Ada today in the interest of the Cotton Belt Highway. This road has been laid out to extend from Kansas City to Dallas. Eventually it is expected it will be continued north to the Canadian border and south to San Antonio.

The originators of the scheme are said to be E. B. Guthrie of Tulsa, W. W. Jenkins of Okmulgee and Mr. Jackson. The highway has been laid out from Kansas City to Coffeyville and the entire route will be completely marked in a few weeks.

Leaving Okmulgee, the highway will pass through Henryetta, Dustin, Wetumka, and cross the South Canadian river at Calvin on the new bridge. It will then come to Allen, Steedman, Ada, and go south by way of Roff, Madill and cross Red river over the Woodville bridge. From the river it will go to Sherman and on into Dallas.

This is expected to be the most important north and south highway in the state. It passes through the most important cities on the eastern side of Oklahoma and reaches from the center of commerce in Missouri and Kansas to the center of commerce in Texas. Crossing the South Canadian river at Calvin on the new highway bridge, it will not be broken when rises come, such as have recently prevailed.

## ACCUSED WOMAN SAYS NO TRIAL FOR HER

(By the Associated Press)  
CLEVELAND, June 11.—Mrs. Eva Catherine Kaber, widow of Daniel Kaber of Lakewood, Ohio, and her daughter Marian McArdle, plead not guilty to a charge of first degree murder when arraigned before Judge Maurice Vernon this morning. The court set the hearing for June 28 and demanded both women to jail without bail.

With the arrival of Mrs. Kaber and Marian McArdle the woman who was arrested several days ago was identified today as connected with the murder plot.

Worn and weary from lack of sleep and ten hours questioning in New York, Mrs. Kaber was subjected to a severe grilling on her arrival here last night, continuing until early today.

After Bertillon pictures and finger prints had been taken the women were confronted with the woman through whom Mrs. Kaber is alleged to have hired the assassins who stabbed her husband to death two years ago and furnished poison which she administered to Kaber in his food.

Both Mrs. Kaber and Miss McArdle identified the woman.

On the journey from the east, Mrs. Kaber said that she would commit suicide before she would stand trial. "I never will be tried on this charge," she said. She will be kept under constant surveillance.

## Ada Ball Club in Fine Shape to Meet Daily Oklahomans

The baseball game tomorrow is going to be an interesting one if the visitors have any kind of a team, according to those who are in close touch with the Ada club. Manager Sparks is pleased with the fine showing his men have been making during the work-out practice this week. On account of the bad weather they have been unable to work-out regularly but they are in fine shape in spite of this.

The Daily Oklahomans will have a hard time to beat this club. Some are of the opinion that another Oklahoma City team is going home Sunday afternoon with the small end of the score. Those who have been wanting to see the Ada club in fine form will be able to do tomorrow afternoon at the Fair Grounds park.

**DOES IT PAY TO ADVERTISE?**  
A certain automobile dealer of the city questioned the selling power of the News.

The advertising manager suggested that he offer a car at a price and see whether the public read the ads or not. He did, quoting a Ford at \$175. In twenty minutes after the paper was off the press the car was sold and still the crowd came. The last to call was a blind man. Does it pay to advertise? Try the News and see.

**Morton Smith To Quit**  
CLEVELAND, O., June 11.—The illustrious Morton Smith, thirty-third Most Puissant Sovereign Grand Commander of the Ancient Order of Scottish Rite Masons, for the United States, last night announced his retirement from that office.

## Byron Norrell Coming Home

BYRON NORRELL

The management of the two News publications takes pleasure in announcing that Byron Norrell, former editor, has agreed to come back to Ada and become editor of the Ada Weekly News. While some of his writings will appear in the Evening News, almost his entire time will be given to making the Weekly News the best newspaper of its kind in the Southwest. He will be out on the farms, in the farmers' meetings, at picnics and wherever it is necessary for him to go to keep in touch with farming and farm problems.

It is the belief of the management that a real rural newspaper is needed in Pontotoc county, one that will go into practically every home and contain the news of every part of the county. If there is a man in the world who can produce such a newspaper, it is Byron Norrell.

The News feels it is fortunate in getting Mr. Norrell to come back home. He is familiar with the problems here. He loves the farm and farm life. He appreciates the rural problems and will be able to interpret the thought of the rural folk as accurately as it is possible for any one to do.

Mr. and Mrs. Norrell will move to Ada and make their home on East Twelfth street. Mrs. Norrell is here now and will not return to Tulsa. As soon as Mr. Norrell can be relieved of his duties as bursar of Henry Kendall College and takes a few days breathing spell, he will be on the job.

## LITTLE DAMAGE FROM RAINS YET

J. B. Hill Believes Grain  
Crop Will Damage if  
Wet Weather Continues.

Little damage has been done to the growing crops and ripening grain, according to J. B. Hill, county agricultural agent. Mr. Hill says practically all of the oats and most of the wheat is ready for the reaper, but that the rains have kept the farmers out of the fields.

If the rains keep up for a few days, the small grain will be badly injured, according to reports. With, however, the grain can be saved with almost no loss.

Mr. Hill is of the opinion there has not been enough rain to injure the corn, cotton or hay crops. Farmers are getting behind with their work, as the weeds and grass are growing rapidly. This can be cleaned out in a few days, given sunshine and working conditions.

## Three Bound Over to The District Court on Larceny Charge

The case of Tom Flourney, J. H. Strong and Minnie Bragg, all colored, who are charged with grand larceny, was tried in Justice Brown's court yesterday. The defendants were bound over to district court and their bond was set at \$1000 each. Minnie Bragg was the only one of them thus far to make bond.

They are charged with looting a box car at Roff several months ago. They were arrested a short time ago by the sheriff's force and brought to Ada for trial.

**Morton Smith To Quit**  
CLEVELAND, O., June 11.—The illustrious Morton Smith, thirty-third Most Puissant Sovereign Grand Commander of the Ancient Order of Scottish Rite Masons, for the United States, last night announced his retirement from that office.

## WITHERS SHOT THROUGH ERROR

Pueblo Guarding Against  
Another Flood; Food is  
Plentiful.

(By the Associated Press)  
PUEBLO, June 11.—E. E. Withers, a prominent Pueblo business man, who was shot and killed here last Saturday night, was killed "accidentally by a bullet from a rifle in the hands of a guard," according to a verdict made public by Will Johnson, the chairman of the civic board which made an investigation.

Johnson said that the guard from whose rifle the fatal bullet was fired was known. His name was not published. A military hearing will be held also, Colonel Patrick Hamerock, acting general, said.

According to the verdict made by Mr. Johnson, "the bullet which killed Mr. Withers ricocheted after striking a stone pavement and struck him in the back of the head."

**Flood Prevention Urged.**

PUEBLO, June 11.—Flood prevention became the Pueblo cry today, following the announcement of Mayor Lovett that a commission would go to Washington to ask federal government aid in harnessing the Arkansas river and tributaries. A telegram from Secretary Ball of the interior department said that two engineers would be sent at once to make sure.

The proclamation of Governor Shoup issued yesterday calling upon all organizations in the state to raise funds for relief work had an immediate effect among the people. The situation is now well organized, providing food and shelter and medical care for all.

The proclamation says the calamity is the greatest Colorado has ever suffered and that "it is urgent that response be made quickly." The list of deaths had reached 49 today.

## Federal Committee Blames Everybody for High Shoe Prices

WASHINGTON, June 11.—The high prices of footwear which obtained during 1918 and increased in 1919 resulted from "abnormal conditions of supply and demand, both economical and psychological, arising from the war," the federal committee reported to the house of representatives. The report added: "Added to these conditions were the large margin of profit taken by the shoemakers, the wholesalers, the jobbers and the retailers," whose large earnings are declared to be "out of all proportion to the increase in the cost per unit."

The advance in prices was still caused by the "so called buyers' strike" in the spring of 1920, according to the report.

"In any event," the prices of hides and skins and the conditions existing in all phases of the industry justify an expectation of a still further decline in the prices of leather and shoes.

## Commissioners Make Changes in Districts Number 1 and 3

The districts for the county commissioners of this county have been changed, adding twenty-four square miles to the territory of District No. 3 and taking the same amount from District No. 1. This territory comprises a strip two miles wide and twelve miles long across the north end of Stonewall township. As the district now stands, it includes all of Stonewall and Fitzhugh townships.

In explaining the action of the commissioners, Rit Erwin, county clerk, said District No. 1 has been larger than No. 3. Moreover, the fact that one district lapped over into two townships made the handling of many items more troublesome than would otherwise be the case. As the districts now stand, Mr. Erwin says, the three districts are approximately equal.

The two commissioners affected by the change will be W. H. Brents of No. 3 and Clay Stephens of No. 1, both of whom will take office at the first meeting of the board in July.

**Two Unions Out.**  
(By the Associated Press)  
DENVER, June 11.—Delegates to the brotherhood of carpenters and joiners of America representing more than 325,000 workers today withdrew from the convention as a result of action today of the building trades department of the American Federation of Labor, in adopting a resolution suspending any international union failing to comply with the awards of the national board of jurisdictional awards.

The censor contends that the movie kiss is wicked if it lasts too long; but common experience demonstrates that the longer it lasts the more heavenly it seems.

### A NEWSPAPER PLATFORM

William Allen White, publisher of the Emporia Gazette, Kansas, sets forth the policy of his newspaper in the following paragraphs:

A preacher who has worked in many towns and several states is good enough to write to the Gazette saying that he regards this paper as the best local paper he ever read. He asks how it is done.

The fact is we don't do it. Never has a single issue of this paper been printed which did not seem to the publisher—and to most of the interested men and women, whose hard work makes the paper—rather below the mark. Sometimes an article—generally one written by the boss himself—falls far below the mark; for it is often hasty, sometimes too harsh, and at times rather more brutal than is necessary. Sometimes the color gets into the local end of the paper—unconsciously. Sometimes an advertisement appears which should not appear. We have never printed a paper that satisfied the people who issued it.

But on the whole, take one item with another, one page with another, one day with another, and one year with another, we are trying with considerable sincerity, but with human imperfection, to tell the truth, to tell the truth in good English; to tell the truth according to the ethics of the newspaper profession, and never to be afraid or in the least reluctant to correct an error, or freely to admit a wrong. We are glad to reverse ourselves upon a showing of new facts. We have no policy today that we would not abandon tomorrow, if the facts change upon which yesterday's stand was taken. We have not the slightest desire to be either consistent or wise or to land on the winning side. Often we take up a losing fight and are as happy in defeat as in victory.

What chiefly we are aiming at is to reflect in good, simple English the events of the day in the light of such truth as Providence has given us, and to comment on the events of the day as candidly and as honestly and as understandingly as the good Lord will let us.

After that there is a desire to be cheerful; to spread good cheer; to let into the moment a laugh, when it will come in without coarseness or impudence, and to be as gay as is decent in a dreary world.

### A USELESS SACRIFICE

If it is the unexpected that happens most frequently in human affairs, it was the expected that overtook Laura Bromwell, one of the world's greatest "stunt" aerial navigators. Daring such as she indulged in invites its own fate. Her death while performing some of her circus feats in the air was a question of time only, and in her case the time lapse was short instead of long. The dashing young woman who less than a month ago astonished the country by "looping the loop" 199 times in one hour and 20 minutes is today a piece of broken clay. The "looping" record for women pilots becomes a more prominent feature of her obituary because the feat was so recently performed.

Miss Bromwell's death in the presence of a great throng emphasizes what was almost universally said at the time she achieved her remarkable record for a woman pilot—such deeds of recklessness without any compensating value tends to retard the wider use of air machines. In war, when all sorts of maneuvers are compulsory, because combat is forced upon a scouting pilot by the watchful enemy whose duty it is to drive him away either through strategy or death, these desperate stunts are countenanced. But for a young woman to imitate that dare-devil spirit for the mere amusement of a holiday crowd, or to inflate her professional vanity, is without excuse.

If the airplane has no stronger claim upon public support than these thrilling, but after all useless, feats—when performed unnecessarily and without purpose, except blank amusement—their development and general service will be slow. What value there can be in noting the number of times a courageous young woman can turn her aircraft completely over is outside the interest of the ordinary human. Aerial pilots may know what use such stunts are, but they will have some trouble to make it convincingly plain to those who stay on the ground.

### THE RED CROSS ON THE JOB

True to form, the American Red Cross rose to the emergency at flood-swept Pueblo. Even before the extent of the disaster was fully realized, agents of the organization were on their way to the scene to reinforce the resident representatives in their work of practical relief. An initial appropriation of \$50,000 by national headquarters was quickly followed by a second of the same amount, and it was announced that more money could be had if needed. Red Cross nurses were quickly mobilized, supplies of tents and bedding and hospital equipment were quickly shipped.

Thus we have a striking illustration of the perfect system which characterizes the American Red Cross. Wherever there is need of helping hands it is on the job without delay. It is said that half an hour after the Wall Street explosion in New York, a year ago, the Red Cross was on the spot. Whatever the nature or extent of the disaster, it finds the Red Cross ready to render every service in its power.

### HOW PUNY ARE THE WORKS OF MAN!

### The Forum of the Press

Comments given below do not necessarily reflect the opinion of the News. In fact, oftentimes the opinion expressed is directly opposite to that held by the News. The opinions are given, however, because this is a newspaper.

#### Home-Owners.

Pawhuska Capital: Preliminary census returns show that 6,000,000 American families own their homes. There are more home-owners in the United States than in any other country.

Here we find the reason for the inability of bolshevik agitators to make any headway in this country and for the general detestation in which communist doctrines are held. The man who owns his home, or hopes or expects to own one, does not take kindly to dangerous experiments in government and economics. He is not willing to take the risk of losing his property.

It would be ideal if every family could own its dwelling. The crowding of people into tenements or apartments, at the expense of health and sanitation, would then cease to be a civic problem, and there would be no profiteering by land lords.

The owning of home makes for good citizenship. He who holds title to the property on which he resides takes more interest in the betterment of the community than the one who lives in a rented dwelling. The former is anchored, while the tenant is periodically confronted with the possibility of having to move. In every way possible encouragement should be given those who suffer from the housing shortage to build their own homes. It would be a happy state of affairs if the great majority of the new houses should be erected by persons who propose to live in them, rather than by those who intended to offer them for rent.

#### Capitalistic Conspiracy.

William D. Haywood, who is playing hooky from Leavenworth penitentiary, has been telling the open mouthed Russians something about the horrors of life in this capitalistic republic. The tale Mr. Haywood tells has been selected to fit the capacity of his audience. He has pieced it together from what he has heard or read of European history, and transferred the story of Europe's class struggles to America, by which useful stage properties the drama is made perfectly intelligible to Russians who have America nicely catalogued in their minds under familiar European terms.

Thus when this fugitive, jailbird tells about the "capitalistic conspiracy" in this country by which "the working man is starved into submission" his auditors comprehend at once what economic conditions must be here. Those are familiar terms in their own vocabulary, and describe a social and industrial system their leaders preach war against at home. When Haywood tells them about "rice plantations" and other crops being allowed to rot on the ground, so the capitalists can keep prices up, the picture conveyed is of a vast population of "serfs of the soil" and "wage

slaves" in the cities perishing from famine, and begging through the land for a handful of rice. We suppose these recitals of Big Bill must rouse deep sympathy in bolshevik bosoms for the land serfs of Kansas who see the rice rotting on the ground while they and their families are dying for want of a mouthful of it.

Haywood must frequently have his tongue in his cheek for the simplicity of the Russians who believe him when he describes America as being divided into two classes, the capitalistic oppressors and the industrial workers, whom the former class is slowly destroying. He does not explain why the capitalists are so anxious to wipe out the class which in another breath, he says produces the wealth for the capitalists. Mr. Haywood is not strong on detail. Fortunately his hearers do not demand particulars. They require only the broadest outlines and a liberal use of the words and phrases they are familiar with. These Haywood can give them. He has their vocabulary pat, and as for facts to fit it, too, why, what are his inventive faculties for?

#### Notice To All Property Holders

Notice is hereby given that all property owners of the city of Ada must cut all weeds in their yards, on vacant lots, around the alleys and in fact wherever the weeds happen to be. If they are not cut the city will have the work done and the expense charged up against your property.

C. M. BURNETT,

### DALLAS CHAMBER OF COMMERCE SENDS THANKS

O. N. Walker, secretary of the Chamber of Commerce, is in receipt of a letter from the Chamber of Commerce and Manufacturer's Association of Dallas, thanking the citizens of Ada for the spirit of co-operation shown when the business men of Dallas visited Ada several days ago.

The letter ends with an invitation to all Ada citizens to attend the fair at Dallas this fall.

Professor Raymond Pearl, of the U. S. Public Health Service, has discovered that both the suddenness and the destructiveness of the first flu epidemic coincides significantly with the normal death rate from

heart diseases in many American cities. It does not so coincide with the death rate of any other important disorder. The inference is obvious.

### Three days of Music-Free

MR. EDISON spent 3 million dollars to develop an instrument which would bring the true beauties and full benefits of music into every home.

Now Mr. Edison offers \$10,000 in cash prizes for a phrase that will distinguish this new invention from ordinary talking machines. (Ask us for a folder of instructions.) Mail or bring this advertisement and we will gladly loan you a New Edison for three days free trial, in order that you may learn what good music will do for you. This experience may make it easier for you to win a prize. Act quickly—no expense or obligation on your part.

Rev. B. F. Stegall has the "button" so far as the News is able to get the facts, on growing onions. He brought to the office late Friday four Bermuda onions, the four weighing four pounds, or a pound each. These were grown in his city garden at 406 West Tenth street. They are large, white and of an excellent flavor. Rev. Stegall insists that Bermuda are particularly adapted to this climate, and his record is pointed to as proof.

## IN SOCIETY

### Piano Recital

A piano recital will be given by the students of Miss Leona Steed at the First Methodist church on Tuesday evening, June 14, beginning at 8:30. The following is the program to be rendered at this time:

Piano—Valse Brillante Opus 31 by Chopin—Birdie Newton.  
Piano—Shepherds All and Maidens Fair by Nevil—Harrie Lee King.

Song—(a) When the Roses Bloom, by Reichardt; (b) Forever and a Day, by Mack Russell Boud. Piano—Tarantella Sorrentina by McKennon—Eula Stewart.

Piano—Love's Greetings by Bohn—Nina Collins.

Song—(a) I'll Weave a Song for You by Vanderpol; (b) Requiem by Homer—Miss Dorothy Duncan.

Piano—(a) Mazurka by Goddard; (b) To a Toy Soldier by Warner—Geneva Payne.

Piano—(a) Valse, Op. 64 No. 1 by Chopin; (b) Valse, Op. 64 No. 2 by Chopin—Suzanne Holman.

Cornet—My Heart at Thy Sweet Voice by C. Saint-Saens—Mr. W. A. Hill.

Piano—Salute a Pesth by Kowacki—Louise Meaders.

Grande Valse de Cornet by Holst. Piano One—Louise Meaders, Bernice Roach.

Piano Two—Geneva Payne, Nina Collins.

Presentation of Medals.

Senior B. Y. P. U. Social.

The social given by the senior B. Y. P. U. of the First Baptist church on Friday evening, June 10, was a great success. About fifty young people were present to take part in the many enjoyable games of the evening. Interesting games were played, which afforded pleasure for all. The prizes in the various contests were won by the following contestants: Bernard Howard, John Skinner and Elmer Patterson.

One of the interesting features was a poetry contest. Each couple was required to compose an original poem and read it to the audience. The prize was awarded to Roy McKeown and Miss Ruby Andrews. Here is the winning poem:

This party is a splendid one.  
The games we played are full of fun.  
Regardless of weather,  
We assembled together.  
A social we thought it would be,  
Though a wedding we managed to see.

And while we were waiting so very polite,  
Came the hour for fixing our appetite  
And when the departing hour was cried,  
Everyone went home satisfied.

After the poetry contest delicious refreshments were served. The only regret was that a few members were absent.

Those present at this delightful entertainment were Misses Velma Covey, Sallie Wright, Mattie Kyle, Irene White, Alice Cameron, Lola Branscome, Ruby Bracker, Ora Shaw, Beulah Smith, Bonnie Blackburn, Mabel McKeel, Neva Wright, Ruby Hawkins, Lottie Mae Bolton, Ruby Andrews, Annie Lee Bolton, Faye Knotts, Ocie Hawkins, Clara Patterson, Loretta Cowling, Esse Barnett, Viola West, Elizabeth Robbins, Thelma Nolen, Pearl Blackburn, Mabel Jones, Lou Willie Bradford, Opal Bennett, Hathleen Smith, Grace McKeel and Lola Cox; Messrs Earl Parker, James Ragland, Doc Walters, Gus Gaar, Powell West, Roy McKeown, T. F. McKenzie, F. L. George, Bernard Howard, E. R. Patterson, John Skinner and Lester Medlock, Mr. and Mrs. C. C. Morris, Mrs. Gus Gaar, Mrs. Dr. McKeel and Mrs. Glennie Corvin.

\*\*\*  
Bumgarner-Walker

Miss Velma Bumgarner was quietly married to Vernon L. Walker at the Baptist parsonage last evening by Rev. C. C. Morris, pastor of the First Baptist church. Miss Pulia Walker, sister of the bridegroom was the only relative present.

Mr. Walker is employed at the Gwin and Mays Drug store and is very well known in the city. He has lived here for some time.

The bride is the daughter of Mrs. Bumgarner, who resides in the northeast section of the city. She is well known here and one of the most popular young ladies of her set. They will make their home in this city.

\*\*\*  
Mrs. J. L. Wilmoth, who has been in Oklahoma City for the past eight weeks visiting her daughter, Mrs. L. C. Morris, has returned to her home here. Her daughter has been very ill but has now sufficiently recovered to accompany Mrs. Wilmoth home and visit here for sometime.

\*\*\*  
Horace Norcutt of Coalgate was in the city a few days this week visiting friends. He is a former student of the Normal.

\*\*\*  
Maurice Gordon has returned to his home in Tulsa after spending a short time in the city visiting with friends.

\*\*\*  
Goes to Colorado.

Miss Edna Driskill of this city left Thursday afternoon for Boulder, Colo., where she will enter the state university for the summer. She will return to her home here about September 1. Miss Driskill is a graduate of the East Central State Normal and has accepted a position as teacher in the Ringling High school for next year.

\*\*\*  
Phi Beta Swimming Party.

The Phi Beta Sorority entertained with a swimming party and basket picnic at the County Club Monday evening. The Phi Beta girls and their guests met on the Normal campus at 6 o'clock and went to the lake in cars.

had been prepared. A camp fire was made around which songs were sung and games played. One of the chief entertainments was the telling of fortunes by Misses Keller and Jones.

After hearing what fate had in store for them the party left for home declaring the Phi Betas delightful hostesses.

The honored guests were Mr. and Mrs. R. R. Robinson, Mr. and Mrs. M. B. Molloy; Misses Jones, Keller, Adams, Moser and Bryant; Messrs. Arthur Vernon, Boyce McKeel, Ralph Heard, Charles Smith and Robert Moore. The Phi Betas present were Misses Pearl Gay, Mary Bella Harvey, Eunice McNew, Faye Knotts, Edith Chapman, Corinne Moore, Mabel McKeel, Lois Heard, Pocahontas McCarty, Lilla McKendree, Willie Cole, Kitty Stays, and Phi Mother, Miss Watson.

Misses Louise and Catherine Ratliff of Oklahoma City are the guests of Miss Virginia Webb and other friends in the city this weekend.

## Voice Lessons

Miss Kate Draper, teacher of voice from Oklahoma City, who has been spending two days of each week with her class in Ada during the past months, will remain in Ada for the summer term, teaching at 423 South Rennie Avenue.

Miss Draper is a graduate of Knox Conservatory of Music in Voice and Theory, and had post-graduate study in New York City—the latter study including a private normal course under Signor Romualdo Sappio, former conductor of the Metropolitan Opera Company and coach of such singers as Patti and Nordica.

Among Miss Draper's pupils in Ada may be mentioned Miss Natalie Manville, who was recently presented in recital by Miss Draper in Oklahoma City; Mrs. T. H. Granger, soloist at First Methodist church; Russell Boud, winner of first honors in the Boys' Voice contest at the recent Oklahoma Interscholastic Meet at Norman; Oscar Parker, one of the best bass voices in Ada; Misses Dorothy Duncan, Beuna Nolan, and Clarine Roach; Messrs. Arthur Harrison and Lester Medlock, and a number of others known as the singers of Ada. Those who desire voice lessons this summer, or wish to make inquiry concerning same, phone Miss Draper, No. 259. 6-11-1f

## BOY SCOUT NEWS

Official News from Headquarters.

### Scouts Must Register.

All boys who are planning to go on the camping trip this month are requested to come to the scout headquarters and register at once. It is very urgent that this be done as all boys who go must be registered and must sign the camp rules which have been adopted to govern the scout camp this summer.

As soon as the scout lodge is completed and the weather permits the scouts will leave for the big summer camp. It is expected that

this will be completed in a few weeks and the boys who go must be ready by that time. All the necessary articles should be gotten together and made ready.

### Appropriate Help.

The assistance of Mr. Meyers of the Meyers Dairy has been greatly appreciated by the scouts. He has been very kind to them in lending them the aid of his team for several days. Messrs. Kincaid and Overby have also been of great as-

distance to them in lending them tools and other necessary articles. It is through the aid of these men that the boys have been able to make progress in the work.

### Park Contest Standing.

The troops have been doing good work on the park, although some of the plots have been somewhat neglected on account of the work on the scout lodge. The judges have rendered the following standing of the troops for this week:

- Troop 3, first place.
- Troop 5, second place.
- Troop 4, third place.
- Troop 2, fourth place.
- Troop 1, fifth place.

### The Call to Arms.

Every scout in the city is urged to turn up at the scout headquarters at 7:30 Monday morning full of pep and ready to go. Every boy that can will be had to help rush the work on the lodge to completion. All who work on the lodge will be given credit on the pioneer merit badge test. The sooner the work is completed the sooner the boys will be able to go on the camping trip.

## BIG EXPOSITION WILL BE PUT ON IN CHICAGO

(By the Associated Press)

CHICAGO, June 11.—Chicago is preparing to offer to the country its Pageant of Progress Exposition, to be held here July 30 to August 14.

The scene of the exposition will be the city's \$5,000,000 Municipal Pier, extending 3,000 feet into Lake Michigan.

The exposition is primarily a great business show, but combined with the business and industrial display will be a gigantic amusement and entertainment program. The exposition will be the greatest event of its kind that this city has seen since the Chicago World's Fair. Two great sheds, each 2340 feet long and 67 feet wide, on the upper deck of the Municipal Pier, will house the main portion of the exposition. Here will be placed the exhibits of furniture, shoes, furs, automobiles, both passenger cars and trucks, food products, clothing building materials, office appliances, paper products, musical instruments, electrical devices, machinery, chemicals, dry goods, beverages and other products.

Twenty-one republics of Central and South America will have exhibits of the products which they export to the United States.

Mayor Thompson, president of the exposition, a corporation not for profit, insisted from the first that the exposition be "Seventy-five per cent business and twenty-five per cent confetti."

The naval reserve of six lake states will hold their annual summer practice maneuvers off the Municipal Pier during the exposition. Five gunboats, three destroyers, and a whole fleet of subchasers and smaller craft, with full crews of members of the United States Naval Reserves, will participate in sham battles and naval evolutions.

At a song festival more than 700 church choirs and singing societies, including in their membership more than 10,000 trained singers will take part. At night 1,000 singers will be placed on each gunboat. The gunboats will be ranged in a circle off the pier, and on a barge in the center of the circle will be a band of 200 pieces, directed by a leader with an electrically lighted baton, which will accompany the great chorus in popular and patriotic songs, in which the entire crowd on the pier will be invited to join.

### Mellon Calls Meeting of Cattle Bankers in Chicago Next Wed.

(By the Associated Press)

WASHINGTON, June 11.—Secretary Mellon announced today that a number of bankers in the livestock growing section were asked to meet in Chicago next Wednesday to decide on a method of meeting the livestock situation.

The Chicago conference will consider the feasibility of forming a banking pool to extend credit to the cattle industry somewhat along the lines of the cotton pool formed in the south in 1914. Treasury officials consider this plan as an alternative to the recommendation made to congress by the federal reserve board that \$50,000,000 of federal funds be made available to the livestock growers.

### THOUSANDS OF SEALSKIN COATS WILL BE MADE

(By the Associated Press)

SEATTLE, Wash., June 11.—Seal skin coats—as many as can be made from about 30,000 skins—will be the objective this summer in the government's drive on its seal preserves on the Pribilof Islands, which lie in the Bering Sea, off Alaska.

Slaughter of the Pribilof seals will begin this year early in June and continue through the summer months. It was announced here recently. Last year 28,000 seals were taken and this year it is hoped to get 30,000.

Recently the U. S. S. Saturn of the navy department's transport service arrived here to load supplies for the annual summer campaign on the islands. The Saturn is taking to the Pribilofs eight expert furs from a St. Louis firm which acts as the selling agent for the government.

Except for the months of the seal harvest, the Pribilofs are inhabited by natives only. The government for several years has been trying to improve living conditions for these inhabitants, and this year is shipping north a complete modern water system.

## CAUSES OF SUICIDES DISCUSSED BY LEAGUE

(By the Associated Press)

NEW YORK, June 11.—Divorces, congested living conditions, and enactment of the Eighteenth Amendment are given as probable causes for the alarming increase in the number of suicides in 1920, according to reports received by officers of the Save-a-Life League with offices in this city. Dr. F. L. Hoffman, statistician of the organization, estimates the number at not less than 12,000. Of these reported cases 707 were children, he said, the boys averaging 15 years, the girls 16.

Rev. Harry Warren, president of the league, also declares that restrictions in sale of narcotic drugs helped to swell the total of unfortunate deaths who died by their own hands.

Dr. Warren cites many trivial causes as the impelling force for suicide. One man was distressed because his new suit did not have enough buttons on the sleeves of the coat. Another man rebelled at eating a lemon pie his wife had constructed out of turnips and glucose. A youth killed himself because he was asked to eat ham and eggs for supper. A woman became morbid because her husband refused to partake of her clam shower. A couple disputed over whether the bedroom window should be opened an inch or not less than two feet at night. The wife's argument prevailed, and the man killed himself.

Many of the suicides reported were among prosperous individuals, and Dr. Hoffman argues that no one basic reason can be assigned for the suicidal increase.

Dr. Warren believes it is possible to cut down the growing number of suicides by making it more difficult for adults and children to obtain firearms and deadly poisons. He urges that children be definitely instructed as to the sin and futility of taking one's own life.

The Save-a-Life league was founded a few years ago to cope with the suicide problem. It offers the chance of encouragement. Dr. Warren says to persons in mental anguish who may be tottering on the brink of self destruction.

Dr. Warren has three methods which he says are of value in reaching individual cases of world weary persons. One is spiritual counsel, another calm reasoning, and the third timely financial assistance.

The principal thing, he says, is to reach quickly the mentally tortured and advise them to look on the brighter side of life. He says he has found it an easy matter to turn such persons to lives of usefulness and profitable service.

### Night Air Mail Service

(By the Associated Press)

CHEYENNE, Wyo., June 11.—Probable establishment of night flying in the air mail service between Cheyenne and Chicago and Cheyenne and Omaha July 1, was predicted here when Major E. C. Zoll, general superintendent of the air mail, who was making an inspection tour of the landing fields between the two coasts, visited Cheyenne. At

present mail that arrives at either terminal at nightfall is carried by rail during the hours of darkness and picked up again by plane the following day.

Major Zoll said he expected the new arrangement would result in the saving of 24 hours in time in the cross-country flights.

The statisticians have neglected to tell us whether those marks

would reach to a place in the sun if placed end to end.

## STOP WHILE THERE IS YET TIME AND THINK

What are you doing to protect yourself in old age from the struggle for existence. Has it ever occurred to you that you wouldn't always have to work and worry about those things, that you can be independent from financial troubles, that you can just draw interest checks regularly with no worry or effort on your part?

Well you can! It may mean a little sacrifice now, but if it isn't worth a little sacrifice it isn't worth having.

By saving and investing your money in safe conservative investments, you can some day enjoy financial independence. Isn't it worth the effort?

## AN EVER-BEARING ORANGE TREE HAS BEEN DISCOVERED

(By the Associated Press.) TAMPA, Fla., June 11.—An ever-bearing orange tree which citrus fruit growers believe is destined to revolutionize the orange industry of the state if not of the entire country, has been discovered by horticulturists in a small grove at Avon Park, near here, and to protect the specimen its purchasers have placed around it a heavy wire fence twenty feet in height and stationed guards day and night.

The tree has been in bearing continuously eight years but until recently its existence was known only to the owner and several neighbors who, according to citrus experts, did not realize its value but regarded it merely as a freak of nature. Several of South Florida's largest citrus growers have organized a syndicate, purchased the tree, leased the ground upon which it stands and already are taking steps to develop its possibilities by propagating it through budwood, with the expectation of having 250,000 trees ready for setting out in groves by 1923.

The ever bearing tree is about fifteen years old but its origin is a mystery. Like the famous Temple orange tree discovered some years ago on the estate of the late W. C. Temple, one time National League baseball manager, the new specimen stands alone as the first of an entirely new branch of the citrus family and its owners believe it will bring forth stock true to the parent tree and, as in the case of the Temple tree, be worth millions to the men who had the foresight to grasp its possibilities.

Apparently authentic records show that for eight years the tree has bloomed and borne fruit continuously and that at no time during that period has it failed to have blossoms and fruit at all stages of maturity. In outward appearance the fruit is a Valencia except that it is slightly more oblong than that variety. The meat in texture and flavor is that of a perfect Valencia, the variety that brings the top price in the markets.

The ever-bearing Florida lemon has been common for many years but citrus experts here declare they never before have known of an ever-bearing orange.

## SPORTS COATS ARE SHORT AND COSTLY

By Eloise

The newest sports costumes are not suits, nor are they frocks. They are made up of smart little sport coats worn with tailored blouses and severe skirts of brilliant and harmonizing colors. These coats are not the type usually thought of when one mentions sports jackets. They are the same tailored style but the materials are in the deluxe class. Beautiful duvetyns, velours and other soft fabrics are being made in soft neutral shades of gray, taupe, green and invisible checks. The drop shoulder effect is very good and belts are usually worn, although some very charming box or loose styles are seen.

Here is a very pretty model which shows the type of coat these new ones follow and it also shows the way the prices hover near the three figure mark. For this coat costs sixty-five dollars and others bring as much as ninety-five. The cotta velour makes the jacket, and it is worn with a simple little blouse, a severe skirt of striped material to harmonize and the ever popular broad brimmed sailor of rough straw.

French heels taken off and Cuban Military or Baby Louis put on. Ada Electric Shoe Shop, phone 645, 121 South Broadway. 6-8-41

## Obituary

The son of Mr. and Mrs. Virgil Lindsey died at the family home four miles north of the city Friday afternoon. Funeral services and interment will take place at the Rosedale cemetery today.

## SMALL MICHIGAN VILLAGE IS WITHOUT GOVERNMENT NOW

(By the Associated Press) HARRIETTA, Mich., June 11.—This little Wexford county village is without a government and will be without one until June 29. County officials headed by Probate Judge Fred M. Breen, are directing affairs by statute but the village council, made up largely of women, and which refused to turn over the government to men chosen in the spring election, was recalled May 25 at a special election.

An election to fill the vacancies is to take place June 29. The political row here started nearly a year ago. Mrs. Minnie Southwick was made president in 1919. All went well for a time and then the charge was made that the council had deprived the village of a new bridge because it had used the bridge funds to increase the salaries of the officials. The charge was denied.

In March, this year, Mrs. Southwick and her slate was renominated. Her opposition named an opposing ticket by John Evans as a candidate for president. It is claimed that the Evans ticket won, 45 to 15, at the spring election. The old council refused to confirm the new officers because the poll book had been locked in the ballot box and the Evans faction could not prove its election.

Next came the recall election, at which Mrs. Southwick and her group of officials were voted out of office at the ratio of about 2 to 1. Judge Breen has called a special election to fill the vacancies. Mrs. Southwick has announced she may run again.

United States Judge James C. Wilson has ruled that a person is not guilty of bootlegging when he acts as a go-between and purchase for another without making a profit for himself.

## BILIOUS CHILDREN

Black-Draught, Long in Successful Use, Praised by an Arkansas Mother, "Soon Does Its Work."

Marmaduke, Ark.—Speaking of Theodor's Black-Draught, which from long use in her household has become regarded as "the family medicine," Mrs. Mary E. Hill, of Route 1, this place, says: "When the children get bilious, I give them a couple of good doses, and when we have sour stomach, headache, or any liver or stomach trouble, we use Black-Draught. It is an easy laxative, and soon does the work. I certainly think it is one of the best remedies made."

Black-Draught acts on the faded liver, gently, but positively, and helps it in its important function of throwing out waste materials and poisons from the system.

In thousands of households Black-Draught is kept handy for immediate use in time of need. Prompt treatment often is half the battle, and will often prevent slight ills from developing into serious troubles.

Its well-established merit, during more than 70 years of successful use, should convince you of the helpful effects obtainable by taking Black-Draught for liver or stomach disorders. Get a package today, and keep it in your house. See that the package bears the words "Theodor's Black-Draught." NO-141

## Escapes Officers

(By the Associated Press)

PORTLAND, Ore., June 11.—Roy Gardner, who was on his way to the federal prison on Mitchell Island escaped from the sheriff early this morning after holding up the

officers at the point of a pistol which he had concealed in his shirt, taking weapons and more than \$200 in cash. He was aided by Frank Bryan, another prisoner. It is said Gardner jumped out of a window. A posse is on his trail.

## Church of Christ.

East Main Street.  
Sunday 10 a. m. Interesting classes and experienced Bible teachers in each class.

Short talks on Bible themes by leading members and elders. Communion services at 11 a. m.

Young folks meeting at 7:30 p. m.  
Good class in singing with each service. Public invited to come and take part.

## Methodist Church.

The Methodist church extends to all a very cordial invitation to attend the services of our church Sunday. The pastor's morning subject will be "The Signs of the Times."

The subject previously announced for Sunday night will be delivered one week later. An evangelistic service will be conducted at 8 p. m.

The Sunday school meets at 9:30 a. m. Epworth league at 7 p. m. Preaching at 11 a. m. and 8 p. m. Every one welcome.

## R. C. TAYLOR, Pastor.

First Presbyterian Church.  
Services at the First Presbyterian church Sunday will be as follows:

The pastor will preach both morning and evening. The Sunday school meets at 9:45 a. m. Intermediate C. E. at 9:00 a. m. Junior C. E. at 8:00 p. m. Senior C. E. 7:00 p. m. Prayer meeting Wednesday 8:00 p. m.

Special Music Sunday morning. Mrs. N. P. Patterson will sing a solo.

There is a cordial welcome for every body. Come and enjoy the fellowship and worship God with us.

## First Baptist Church

We had 531 in Sunday School last Sunday which placed us second in the contest between the churches of Ada, Durant, and McAlester. Durant leading us by five, they having present, 536. We want to take the first place tomorrow, and in order to do so we must have every one back again and five in addition. The school begins its sessions at 9:45 and we have classes for all ages.

The Men's Bible Class meets at 9:30 at the McSwain Theater. Last Sunday there were 127 men present. Let's make it 150 tomorrow. This class is taught by Mr. L. A. Ellison.

At the morning hour of worship the pastor will preach on the subject, "Sowing in Tears and Reaping in Joy." We hope to see a large congregation present at this hour to hear this message.

The Sunbeams will meet at 3 o'clock with Miss Annie Bell Perry in charge.

The Juniors will meet with Mr. and Mrs. A. H. Davis leading.

The Intermediate B. Y. P. U. will meet at 7 o'clock with Mr. and Mrs. C. A. Bell in charge.

The Senior B. Y. P. U. will meet at 7 o'clock. Miss Opal Little is president.

The evening hour of worship is at 8:15. At this hour the pastor will preach on the subject, "The Tragedy of a Useless Life." We will be delighted to have you present at any or all these services. We note with pleasure the presence from Sunday to Sunday of a large number of strangers and visitors in our congregations. We are always happy to have them present, as well as to see large numbers of our own people present.

Clyde Calhoun Morris, Pastor

## Christian Church.

Bible school at 9:45 a. m. Morning service at 11:00 a. m. Junior C. E. at 2:30 p. m. Senior C. E. at 7:00 p. m. Evening service at 8 p. m.

The men's Bible class will meet at the American theatre as usual. This is a bunch of live, wide awake business men led by a truly wonderful teacher. If you are a live man get into it. A cornet solo by Mr. W. A. Hill and a vocal solo by Oscar Parker will be features of the service.

A young men's Bible class was organized last Sunday. All young men are cordially invited to join it. The pastor will be the teacher.

The young ladies' class is a winner too. It is a great class with a great teacher. All young ladies not regular attendants of other young ladies' Bible classes are urged to attend.

We will do our best to make the services of the day enjoyable and helpful to all. We cordially invite you to come. The church has a welcome for you.

Our financial secretary suggests that all who know themselves to be in arrears with their church pledges pay in by Sunday. This is desired to make our missionary record look as good as possible and to meet all local obligations.

H. M. WOODS, Pastor.

## Men's Bible Class

The Men's Bible Class will meet as usual at the McSwain Theater tomorrow at 9:30. We are in a friendly contest with the Men's Class at Durant. We put it over on them last Sunday by having present 19 more men than they had.

A letter from the pastor states that they are going to pass us tomorrow. Let's pile up such a majority tomorrow that it will take this vain boast out of them. Mr. L. A. Ellison will teach the class as usual.

Committee.

## Woman's Missionary Society

The Baptist Woman's Missionary Society will hold cottage prayer meetings all next week. These meetings will be held in the afternoon and will be for the purpose of prayer for our meeting which begins June 19. Announcements will be made Sunday as to places and leaders. Beginning Wednesday evening meetings will be held at the church the remainder of the week in addition to the afternoon meetings of the ladies.

Christian Science services at 11 a. m. at 111 North Broadway. Subject, "God, the Preserver of Man." Golden text, Psalms 41:1-2, "Blessed is he that considereth the poor; the Lord will deliver him in time of trouble. The Lord will preserve him, and keep him alive; and he shall be blessed upon the earth."

★

## In The Oil Fields

A showing of oil was encountered at around 1620 feet in the Cotton No. 1 of the Transcontinental Oil Company in the northeast quarter of section 14-5-4. This is following rather closely those interested say the log of the discovery well of the Carter-Lowry-LaSalle syndicate.

George W. Brinson and A. R. Clark, representatives of the Wigwam Oil Co., who have been in the city for several days looking over the oil situation and buying leases for their company, left yesterday for their headquarters in Colorado Springs, Colo., for the purpose of shipping standard rig here. It is said two locations have been made.

G. E. Nance, Sr., is reported to have completed the deal for 80 acres in section 4-5-4 at \$500 an acre. The purchase was made from the Lowry Oil Company. Mr. Nance is now hauling out the rig to begin drilling in the northeast quarter of the northwest quarter of the eighty. It is the intention to start drilling at once.

The Carter-Lowry-LaSalle syndicate has two cars of material in Ada and will haul it out at once to start work on an off-set to the discovery well in the northwest quarter of section 4-5-4. This well is just south of the discovery well. The outfit is standard.

Mr. LaSalle's rotary rig arrived today and will be carried out to the northwest quarter of the southwest quarter of section 4-5-4, on the Hatcher farm.

The producers and refiners company spudded in late Friday on their test in section 6-3-6, just southwest of Ada. They were drilling this morning at 79 feet. This

hole was started with a 20 inch casing and it is the intention to go 3,000 feet if that depth is necessary to get pay sand. Jack Kitchel is doing the drilling.

This well will be watched with great interest, due to the fact that it is only a mile south of the first gas field brought in in this territory. While many wells have been drilled in the territory west of the city, all of them have stopped around 1100 or 1200 feet. One well southwest of the city, the old Tom Fields, was drilled around 1700 feet. If the new test is drilled as deep as the owners expect, it will have much to do with future development in that immediate vicinity.

## ANOTHER WIZARD IN BAD WITH LAW

OKLAHOMA CITY, June 11.—The ranks of fallen finance wizards have been increased by one.

T. I. (Toney) Moss of Moco Monkey Grip tire patch fame, the high finance genius of Oklahoma who rose in three years from poor electrician to the presidency of a \$100,000 a month tire business, entered the United States district court at Guthrie Friday and admitted that he attempted to defraud Uncle Sam out of a few paltry thousands in 1918 by executing a false income tax report.

With this confession, the business genius of Oklahoma who achieved world wide fame and was heralded in newspapers and magazines as the "commercial genius of the age," enters the ranks of the unsuccessful.

He will be sentenced Monday by Judge John H. Cotterall. The maximum penalty for "conspiracy in making a false income tax report," the crime to which Moss plead "guilty," is two years in the penitentiary, a \$10,000 fine, or both.

Moss, in his effort to get rich quick, overlooked a few rules of the game. In 1918, when he was at the zenith of his career and president of two companies, one in Oklahoma City and one in Mt. Vernon, Ill., doing a combined business of \$500,000 a year, he filed an income tax report showing that the Moco Motor tires owed the government only \$7,657.

Government accountants immediately audited this company's books and appended an additional income tax of \$59,420. The far famed commercial wizard was indicted by a federal grand jury in September, 1919, and an amended indictment was returned against him last January.

Reports from Russia indicate that the communistic government is about bankrupt and that Nikolai Lenin is trying to induce capitalists to again enter Russia to resume work in rebuilding the state.

★

## Mrs. WAGNER of PALM BEACH

Tells Girls How She Found Relief From Pain

West Palm Beach, Fla.—"When I was 19 years old I was irregular and I had such terrible cramps it felt like a knife going through me. I took Lydia E. Pinkham's Vegetable Compound and I was cured. After I was married I had the same trouble caused by the added work of farming and heavy washings so I told my husband to get six bottles of the Vegetable Compound and by taking it regularly my troubles ceased and now I never have a pain or ache, and am regular. I recommend Lydia E. Pinkham's Vegetable Compound and think every young girl should take it. You can publish this letter and it may be the means of helping some other girl or woman."

—Mrs. MARY M. WAGNER, Box 759, West Palm Beach, Florida.

While no woman is entirely free from periodic suffering it does not seem to be the plan of nature that woman should suffer so severely and when pain exists something is wrong which should be set right. Every girl who suffers from monthly cramps should give Lydia E. Pinkham's Vegetable Compound a fair trial.

## FOUR NEW BLOUSES JUST RECEIVED

They are really charming Blouses; made exactly as illustrated oforgette and tricolette. The price is only—

\$5.00

## THIN TUB MATERIALS TO MAKE INTO PRETTY SUMMER FROCKS

Even the most elaborate of this season's Frocks are really quite simple to make. Examine the more beautiful models and you will see that their chief charm lies in the rich colorings, the tasteful patterns and in the dainty transparency of their fabrics. All the fabrics they employ so bewitchingly may be duplicated in these displays which feature at exceedingly inviting prices: organdies; voiles; dotted Swisses and dimities. Prices range from \$.25 to \$1.50 a yard.

## Take a Tip From THE FARMER

Those who have failed to catch the first gleams of the silver lining in the business cloud, may well profit by the farmer's example.

He is going ahead with his summer's work, confidently facing the future.

This bank welcomes the opportunity to help the farmer. We admire his backbone.

## When He Starts Earning Have Him Start Saving

If your boy is planning to get himself a job this vacation, tell him to come around and find out about our savings department. The time to start saving is when one starts earning. If you're old enough to be the father or an earner, you know the value or saving, whether you've ever practiced it or not.
